CONGRATULATIONS ON THE PURCHASE OF THE
HAWK HIGH PRESSURE WASHER,
MAY YOU HAVE MANY HAPPY WASHING MOMENTS!

Please adhere to the following important information which may influence the warranty of the machine that you have purchased

- 1. Please note: It is the Customer's responsibility to ensure that he has read and understands the terms of the warranty and services as specified in the manual.**
- 2. Damage resulting in the failure by the customer to check oil will render the Warranty nul and void. Make sure the oil level is at all times half or slightly above the dot on sight glass.**
- 3. Before starting the unit, always make sure than there is enough water flow to the unit.**
- 4. Please note a filter must be installed on the inlet side of the unit and be cleaned every time after use.**
- 5. Always switch the unit off when not in operation, or when pausing between using the unit for more than 2 minutes.**
- 6. The Hawk high pressure washer should be used at least once a month in order to keep the unit in a good running condition.**
- 7. Please note: Oil must be changed after the first 30 hours of use and there after, thr unit must be serviced every 100 hours. Neglecting to do this will render the warrantee null and void,**
- 8. Please repair all water leaks between gun and high pressure washer unit as soon as possible, please note: if there is even a tinny leak, the unloader valve will make a noise.**
- 9. Only Hawk manufactured original parts may be used.**
- 10. Always keep the proof of purchase and maintenance, should it be required to log a warranty claim.**
- 11. Mishandling and/or misuse of the equipment under situations or condition not designed for the equipment will render the warranty null and void.**

Regards

Elemec Team
